

1.0 Percent Participation Justification Form 2018–19

The *Every Student Succeeds Act (ESSA)* requires each district and charter school to complete and submit a justification when it anticipates exceeding 1.0 percent of students assessed in a subject area (i.e., English Language Arts/Reading, Mathematics, and/or Science) with the NCEXTEND1 alternate assessment. Justifications from each district and charter school will be reviewed by the North Carolina Department of Public Instruction (NCDPI), and follow up actions will be determined based on the information found in the justification document. Staff from the Exceptional Children and Accountability Divisions in each district and charter school should collaborate to provide the following information on the justification document. Responses to Sections 1–4 and the designated signatures are required; it is optional to include additional information (see page 5). This justification document will be publicly posted. As such, the document **must not contain any personally identifiable information**. If necessary, additional pages may be attached to this form.

Section 2: Analyzing Contributing Factors

Did the Individualized Education Program (IEP) teams utilize the alternate assessment [eligibility criteria](#) and the [North Carolina Alternate Assessment Decision Making Flow Chart](#) to make alternate assessment participation decisions?

☒ Yes ☐ No

Indicate how all members of the IEP teams have been informed or trained on the alternate assessment eligibility criteria and the North Carolina Alternate Assessment Decision Making Flow Chart. Check all that apply.

Does the district or charter school identify students to participate in the alternate assessment that do not traditionally participate (i.e., Speech and Language Impairment, Specific Learning Disability, etc.)? If yes, please explain how the district determined these students meet the criteria for participation in the alternate assessment.

Does the district or charter school have a small overall student population that increased the likelihood of exceeding the 1.0 percent threshold?

☒ Yes

☐ No

Explain below:

Our total student population is 2,100 while the state average student population for a school district is 6,223.

Section 3: Assurances

Does the district or charter school have a process in place to monitor alternate assessment participation?

☒ Yes

☐ No

Explain below:

Students that participate in the alternate assessment must be placed in the Extend 1 Curriculum classroom. The decision to place a student in a classroom that provides Extend 1 Curriculum must meet

the placement eligibility criteria. The LEA reviews the completed assessments from the previous year to determine if this is still an appropriate assessment going forward.

Does the district or charter school have a process in place to identify and address disproportionality in alternate assessment participation (specifically, among race, gender, or socioeconomic status groups)?

☐ Yes

☒ No

Explain below:

We do not have a true disproportionality because while most of our students taking the Extend 1 are white, that is because most of our entire school population is also white. Additionally, many students in EC are from a low socioeconomic group because our school population is over 50% (52.4% to be exact) free and reduced lunch. The numbers of students taking the Extend 1 reflect the proportions of our population.

Section 4: Resources and Technical Assistance

What resources and technical assistance does the district or charter school need from the North Carolina Department of Public Instruction to ensure that students are being assessed using the appropriate assessment?

I don't believe we need any resources or technical assistance. We are continuing to monitor what students meet the requirements for alternative testing to ensure that it is appropriate to assess these students in this manner.

The completed justification form must be signed by the superintendent/charter school director, exceptional children's director/coordinator, and LEA/charter school testing coordinator. The form must be scanned and emailed to alternateassessment@dpi.nc.gov by May 3, 2019.

The NCDPI will notify districts/charter schools in writing if further information is needed and will include next steps. For questions, please contact your Exceptional Children Director or Regional Accountability Coordinator.

Note: See page 5 for additional information that can be included but is not required.

The following additional information can be included with the justification documentation, but is not required:

- Evidence that all educators who administer the alternate assessment meet the requirements for test administrators and have received test administration training prior to administering the alternate assessment.
- Evidence that all students have appropriate access to accessibility features on statewide tests.
- A review of the percentage of students taking the alternate assessment at grade 3 versus grades 4–7 versus grade 8 versus high school and an explanation of how Individualized Education Program (IEP) teams are making consistent participation decisions across grade levels.
- A review of data to determine if students are moving from the alternate assessment to the general assessment or vice versa and an explanation for grade levels where this action is more prevalent.
- Evidence that the district is providing appropriate supports and services to students with disabilities to assist in meeting the same graduation requirements as their non-disabled peers.
- An evaluation of students instructed using the Extended Content Standards, but who are spending more than eighty percent (80%) of their day in the general education setting.
- Evidence of data-driven team decisions to determine appropriate instruction and assessment.
- An assessment of varying practices across a district and/or between different schools.
- An explanation of special programs or populations that are served by the district/charter school that may contribute to the alternate assessment participation rate.
